THE ADVANTAGES OF A PHYSICAL SHOWCASE VENDING MACHINE

what are the strengths of a physical showcase vending machine?

SHOWCASE AND WAREHOUSE

Customers see with their own eyes which product they buy and personally verify its availability. The integrity of the products is ensured by the temperature control system and protection against solar radiation

NATURAL PRESENTATION

The products, as expected from a pharmacy, are arranged in their original packaging in an orderly manner, without wasting space and illuminated by bright LED lights. Little distance between glass and products to keep them in contact with the customer

I SEE WHAT I BUY

The customer, choosing from the physical showcase, can follow the product packaging for the entire delivery phase

THE ADVANTAGES OF AN INTERACTIVE LINE VENDING MACHINE

what are the strengths of the interactive line?

TOUCH SCREEN

Don't be afraid that your customers will be displaced by so much technology. They will be able to operate on the screen with the same simplicity with which they operate on their smartphone: no longer on keys or buttons, but on a large display and an interface in line with their daily habits

PRODUCT INFORMATION

Informing customers makes them aware and helps you sell all those lesser-known products such as those you produce at your brand. Interactive will display the product's image, the information leaflet (in various languages) and the relevant video, if available.

COMMUNICATION

You can use the vending machine even to advertise brands, products, events or services showing a scheduled list which activates contents at pre-set times. When not in use, Interactive can actually reproduce videos, display a sequence or images and broadcast messages

PROMOTION

Do you want to recommend a product? Suggesting a seasonal remedy? Offer interesting conditions? All this is possible on Interactive with the Recommended and Products on offer. Black Friday? Now, you can set the discount rates everyone has been waiting for. Go also to custom campaigns with user recognition

THEME INTERFACE

Do you decorate your pharmacy for Christmas? ...and the vending machine? For the festive season, with Interactive you can now set your interface to feature backgrounds, icons, "Christmas" colours and jingles to entertain your customers as they shop

BULLETIN BOARD

Interactive comes with a motor for displaying information on the pharmacy on duty. Pharmacies are ordered by distance and you can see on the map the route to reach them

VIDEOCONFERENCING

Interactive, moreover, if equipped with the Web Cam kit, allows you to establish a videoconference with the pharmacist who can respond from an internal station or even from your mobile phone. The pharmacist can make available to buy a product for which authorisation is required

ROBOT/INTERNAL CONNECTION

Interactive can be connected to your pharmacy's robot. This allows you to sell in addition to the products displayed in the vending machine, also a selection of those present in the Robot, thus exponentially increasing the offer of products and consequently the possibility of satisfying the customer

RESERVED PRODUCT MANAGEMENT

Even without Safebox (the Pharmashop24 module), you can manage reserved products and remote orders. Interactive will monitor availability and it will send to the customer a "product ready for collection" message from interactive, once confirmed by the Robot/Internal

THE ADVANTAGES OF AN EXTENSIVE VENDING MACHINE

what are the strengths of an Extensive vending machine?

GREATER OFFER

With the quality of the products that the pharmacy offers, the effectiveness of the service and the commercial result are closely linked to the size of the offer. Extensive is the most generous solution in terms of offering

MORE CHOICE

With Extensive, there are many items. The more there are, the more likely the customer is to meet what they need

BETTER VISUAL IMPACT

With such a large glassy surface the customer's perception will be that of being in front of a large showcase rather than a vending machine

TECHNICAL FEATURES

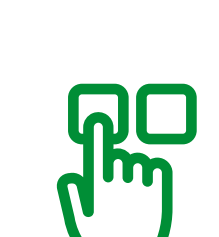

TECHNICAL DATA

- Dimensions**
Height 199 cm, Width 174 cm, Depth 68 cm
Weight 530 kg
- Material**
Metal and painted stainless steel
Protective treatment in cathaphoresis
Painting, where applicable, with epoxy powder
- Physical Showcase**
High-performing glass chamber
Anti-vandal layered sheet
Anti-UV Film
- Power supply**
220-240VAC 50Hz (Optional 100-130VAC 60HZ)
- Power consumption**
Standby 80W • 800W when the refrigerator is switched on

OPTIONALS INCLUDED

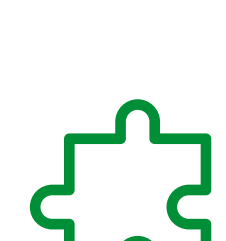

- Shelves [6]**
You can increase the number up to 8
- Sales channels [70]**
Variable width pushers
It is possible to increase the number up to 120
- LED Lighting**
IP67 Dissipated Bars
High-brightness diodes in parallel with adjuster
- Display**
21.5" high brightness TFT (500 nits) FULL HD IPS LED
Vertical
- Touch-screen**
IP59 Anti-vandal capacitive touch-screen
Weatherproof
- PC**
Chipset Intel i5 FANLESS 4GB RAM SSD 120GB
2 LAN 8 USB 4 RS232
Windows IOT
- Multimedia Kit**
Sound amplifier and loudspeakers
Adjustable at preset times
- Power Unit**
Controlled Surface Ventilation
Backup Battery
- 20° Conditioner**
35mm high density polystyrene insulation
Circular cooling of air columns
Ecological refrigerant gas
- User Devices**
Ticket Printer
Banknote reader
5-pipe self-loading token dispenser

OPTIONAL

- Additional Devices**
Alarm, Padlocks, •Shelves, •Pushers, •Blister, Banknote Reader with changer, 21.5" TFT 1000 nits Display
- POS**
Contactless
Complete Solution
- WebCam Kit**
HD Camera + Microphone for Video Conferencing
Optical recognition of passports and identity cards
- QRCode scanner**
Barcode reading device
for identifying pending products
- Fingerprint Kit**
Identity optical recognition
Loyal user sessions
- Elevator**
System for handing out particularly fragile articles
- Cover**
Protection for Rain or Sun
Structure in painted stainless steel sheet
- Mobile Curtain**
Protection against excessive sun exposure
Programmable movement and automatic opening with customer
- ROBOT kit**
Compatible with major pharmacy robots
Additional product picking door
- ELEGANCE kit**
Extra welcome lighting
Single colour or multicolour sequence
- Kit STEEL**
Moules chromées sur le devant
- SILVER Pack**
Includes contactless POS and Alarm
Additional pushers if connected to INTERNAL
- GOLD Pack**
Includes SILVER Pack + complete POS + ELEGANCE Kit
- PLATINUM Pack**
Includes GOLD Pack + STEEL Kit

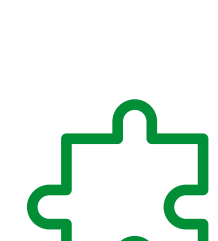

VARIANTS OR EXTENSIONS

ADDITIONAL SHOWCASES

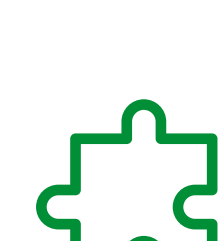

Possibility of having two or more showcases

LOWERED VERSION

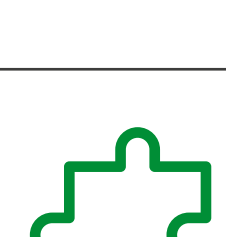

Do you have a door, a wall, or a lift that prevents you from installing a machine at normal height? The solution is the lowered version that allows you to overcome the problem and place the machine at the right height for the customer

LOADING FROM BEHIND

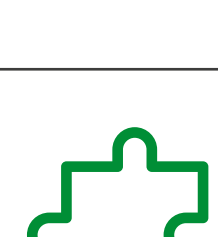

Why go outside to recharge the vending machine? Maybe you're alone at the pharmacy or simply bad weather prevents you from doing so. With the loading from behind, you can upload your PharmaShop24 directly from inside the pharmacy

SAFE BOX

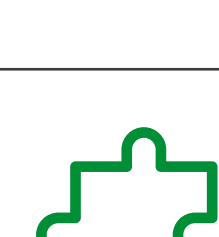

It allows the safe delivery of pharmaceutical products even outside the opening hours of the pharmacy, thanks to the practical safety deposit boxes reserved for customers

PASS & SAFE BOX

Integrates Safe Box functionality with a drug pass section with call button, intercom and alternate door release mechanism

GRAPHIC CUSTOMISATION

On request, it is possible to customise the colour of the structure and the graphics of the drawer
