

SHOWCASE PHYSICAL LINE STANDARD MODEL EXTENSIVE SET-UP SMART

THE ADVANTAGES OF A PHYSICAL SHOWCASE VENDING MACHINE

what are the strengths of a physical showcase vending machine?

SHOWCASE AND WAREHOUSE

Customers see with their own eyes which product they buy and personally verify its availability. The integrity of the products is ensured by the temperature control system and protection against solar radiation

NATURAL PRESENTATION

The products, as expected from a pharmacy, are arranged in their original packaging in an orderly manner, without wasting space and illuminated by bright LED lights. Little distance between glass and products to keep them in contact with the customer

I SEE WHAT I BUY

The customer, choosing from the physical showcase, can follow the product packaging for the entire delivery phase

THE ADVANTAGES OF A STANDARD LINE VENDING MACHINE

what are the strengths of the standard line?

CONTAINMENT OF OPERATING SPACES

The aim of Standard is to give maximum prominence to the showcase by reducing the technical space occupied by the devices used by the customer to the minimum

SHOWCASE FOCUS

Do you think that only your products should be offered in the vending machine? Standard entrusts the showcase with its power of attraction

STRAIGHT TO THE POINT

Still sober and elegant, Standard takes care of everything: The shopping experience is simple and direct as in the PharmaShop24 vending machine

THE ADVANTAGES OF A EXTENSIVE VENDING MACHINE

what are the strengths of a Extensive vending machine?

GREATER OFFER

With the quality of the products that the pharmacy offers, the effectiveness of the service and the commercial result are closely linked to the size of the offer. Extensive is the most generous solution in terms of offering

MORE CHOICE

With Extensive, there are many items. The more there are, the more likely the customer is to meet what they need

BETTER VISUAL IMPACT

With such a large glassy surface the customer's perception will be that of being in front of a large showcase rather than a vending machine

THE ADVANTAGES OF A SMART SET-UP VENDING MACHINE

what are the strengths of smart set-up?

TOUCH SCREEN

Don't be afraid that your customers will be displaced by so much technology. They will be able to operate on the screen with the same simplicity with which they operate on their smartphone: no longer on keys or buttons, but on a large display and an interface in line with their daily habits

PRODUCT INFORMATION

Informing customers makes them aware and helps you sell all those lesser-known products such as those you produce at your brand. Interactive is able to display the product image, the information leaflet (in various languages) and, if available, an associated video

COMMUNICATION

You can also use the vending machine to advertise brands, products, events or services by creating a schedule that activates the content at predetermined times. Interactive, when not used by customers, is in fact able to play videos, view sequences of images and ads

PROMOTION

Do you want to recommend a product? Suggest a seasonal remedy? Offer interesting conditions? All this is possible on Smart with the Recommended and Products on offer. Recurrences? now you can set the discount conditions that everyone expects. Go also to custom campaigns with user recognition

THEME INTERFACE

Do you decorate your pharmacy for Christmas? ...And the vending machine? With Interactive, you can now set the interface with different backgrounds, depending on the holiday season: icons and "Christmas", "Easter" or other colours, accompanied by themed motifs that accompany customers in their purchases

VIDEOCONFERENCING

Smart, moreover, if equipped with the Web Cam kit, allows you to establish a videoconference with the pharmacist who can respond from an internal station or even from your mobile phone. The pharmacist may agree to purchase a product for which authorisation is required

TECHNICAL FEATURES

TECHNICAL DATA

- Dimensions**
Height 199 cm, Width 156 cm, Depth 68 cm
Weight 480 kg
- Material**
Metal and painted stainless steel
Protective treatment in cataphoresis
Painting, where applicable, with epoxy powder

VARIANTS OR EXTENSIONS

ADDITIONAL SHOWCASES

Possibility of having two or more showcases

LOWERED VERSION

Do you have a door, a wall, or a lift that prevents you from installing a machine at normal height? The solution is the lowered version that allows you to overcome the problem and place the machine at the right height for the customer

LOADING FROM BEHIND

Why go outside to recharge the vending machine? Maybe you're alone at the pharmacy or simply bad weather prevents you from doing so. With the loading from behind, you can upload your PharmaShop24 directly from inside the pharmacy

SAFE BOX

It allows the safe delivery of pharmaceutical products even outside the opening hours of the pharmacy, thanks to the practical safety deposit boxes reserved for customers

PASS & SAFE BOX

Integrates Safe Box functionality with a drug pass section with call button, intercom and alternate door release mechanism

GRAPHIC CUSTOMISATION

On request, it is possible to customise the colour of the structure and the graphics of the drawer
